

# Muscat de St Jean-de-Minervois

## TERROIR

The AOC Muscat de Saint-Jean-de-Minervois is produced only in the commune of Saint-Jean-de-Minervois, in the extreme north of the Minervois, on a surface of 205 hectares.

The vineyard, with its plots of land intertwined with the garrigue, is perched at an altitude of 250 meters: a terroir with a temperate Mediterranean climate.

Muscat Petits Grains is the only authorised grape variety to produce this cuvée. It is grown in sparkling white limestone soils.

## GRAPE VARIETIES

100% Muscat Petit Grain.

## TASTING

Floral notes on the nose, with notes of lychee... Breath-taking! A lot of finesse and freshness in the mouth.

## IDEAL WITH

Very pleasant to drink as an aperitif, this muscat goes perfectly with foie gras, blue-veined cheeses and dessert.

## AGING

Ready-to-taste. Up to 3 years.
